SUMMARY

Enthusiastic B.Tech Artificial Intelligence & Data Science student with a strong interest in Data Analytics, Python, SQL, Power BI, Machine Learning, and Generative AI. Hands-on experience through academic projects involving data analysis, dashboard development, and AI-based solutions. Seeking opportunities to apply technical and analytical skills to real-world problems and develop industry-ready expertise.

EDUCATION

Kongunadu College of Engineering and Technology

Aug 2024 – May 2028

Bachelor of Technology – Artificial Intelligence & Data Science
CGPA: 7.85/10 (up to 4th Semester) | HSC: 84% | SSLC: 89%

AREA OF EXPERTISE

Programming:	Python, Java, SQL
Data Analytics & BI:	Pandas, Power BI, Microsoft Excel, Tableau, Data Analysis, Data Visualization
Machine Learning & AI:	Scikit-learn, Supervised & Unsupervised Learning, Generative AI
Database & Tools:	MongoDB, GitHub, Figma
Primary Focus Areas:	Data-Driven Decision Making, Dashboard Development, Skill-Gap Analysis, Business Analytics

PROJECTS

Placement Preparation with AI

2026

Technologies: Python, Scikit-learn, MongoDB

- Developed an AI-based concept for student placement preparation and skill-gap identification.
- Planned data-driven analysis workflows to identify areas requiring targeted improvement.
- Designed dynamic MongoDB structures to support personalized preparation roadmaps.

Movie Recommendation Dashboard

2026

Technologies: Python, Pandas, Power BI

- Developed an interactive movie-analysis dashboard utilizing Power BI for key trend insights.
- Used Pandas for dataset preprocessing, feature transformations, and exploratory analysis.
- Created attractive, user-friendly visualizations and DAX measures to present meaningful findings.

Food Menu Creation

2026

Technologies: HTML, CSS

- Developed a responsive weekly food-menu webpage organized with a clean navigation layout.
- Focused on clear presentation, visual hierarchy, and intuitive interface user experience.

CERTIFICATIONS

- Forage:** Data Labelling Job Simulation
- NoviTech:** Data Analytics Masterclass Completion
- EduPyramid:** Python Training Completion
- NPTEL:** Internet of Things (73%)

VALUE ADDED COURSES

- Machine Learning with AI Applications
- Web Development
- Data Analytics Masterclass
- Python Training

ADDITIONAL INFORMATION

Interests: Data Analytics, Artificial Intelligence, Machine Learning, Generative AI

Hobbies: Music, Watching Movies, Story Writing
